Milwaukee County Behavioral Health Division 2020 Budget

Thank you

Thank you for sharing your interest in the Milwaukee County Behavioral Health Division 2020 budget - your feedback is extremely important to us!

The Milwaukee County Behavioral Health Division serves residents across Milwaukee County including children and adults. Our team of professionals promotes hope through innovative recovery programs in behavioral health, wellness, recovery, research and education for individuals and families.

Every year, we turn to the public for ideas that will shape our budget. This online form includes a series of questions for you to complete including a comment box where you can provide written comments on the budget. At the end, you can check a box to receive email updates on the 2020 budget process and other Behavioral Health Division news.

A few notes before you begin:

- BHD listens to and respects all public input, but it is possible that not all items will make it into the budget as a result of strategy initiatives and/or funding limitations
- The public comment hearings on the BHD 2020 budget are designed to solicit input for purposes of planning the budget and allocating dollars to initiatives.
- BHD is required to submit a balanced budget so additional initiatives may come at the expense of existing initiatives

All feedback will be reviewed by the Milwaukee County Mental Health Board Finance Committee by June 21, 2019. All answers will remain anonymous. Thank you!
