

The Milwaukee Mental Health Task Force is the voice of the community on issues related to the quality and responsiveness of mental health and substance use disorder services.

August 2021

Dear Mental Health Task Force Partner,

This is the Milwaukee Mental Health Task Force's 17th year of education, advocacy and collaboration. We thank you for your partnership and participation in the Milwaukee Mental Health Task Force.

Our new membership year begins September 1.

- **If you are currently a member**, thank you for your past support. Please renew your membership.
- **If you or your agency are not members**, we warmly invite you to join!

The MMHTF was formed in 2004. It includes participants from over 40 organizations and community members who work collaboratively to identify issues faced by people affected by mental illness, facilitate improvements in services, give consumers and families a strong voice, reduce stigma, and implement recovery principles.

We need your support to sustain our important work – please join or renew your membership. Your membership will support our work as a positive force for systems change, cover a portion of staff costs to coordinate the task force, and ensure our programs are open to all. This includes:

- Educating the community and policy makers about public policy and other issues impacting people with mental illness, such as our March State Budget Briefing, our surveys on crisis redesign and County Budget priorities, featured speakers on the new Mental health Emergency Center and Granite Hills Hospital, and state and county policy advocacy and updates. Our annual ***Briefing on Milwaukee County Budget Requests*** was held on August 10th.
- The value of the Task Force was recognized by policy makers who included a designated position for the MMHTF Chair on the Milwaukee County Mental Health Board. In addition, task Force leadership serve on state councils and committees to bring a Milwaukee perspective.
- Advancing efforts to address mental illness in the criminal justice system, including medical and mental health care for detainees, efforts to train law enforcement and other first responders, and active engagement with the MacArthur Foundation Grant to advance systemic change to divert more people with mental illness from the criminal justice system.
- Task Force administration including maintaining the web site and listserv, coordinating forums and meetings, developing task force position papers and legislative testimony, writing funding proposals, and serving as the MHTF fiscal agent.

We welcome organizational members as well as "community supporters" - individuals who want to support the task force. All members will be recognized and honored in task force materials and at our Annual Karen Avery Forum scheduled for Tuesday September 14th which will address substance use disorders with the theme ***Celebrating Recovery, Ending Stigma, Embracing Possibilities***. Register at ! <https://www.milwaukeeemhtf.org/>

Please support the work of the task force with your membership donation and continue to work with us to facilitate improvements in service, give consumers and families a strong voice, reduce stigma, and implement recovery principles. We ask you to return the enclosed form with your check as soon as possible, to allow us to recognize members at our September forum. Questions? Contact MHTF Coordinator Barbara Beckert at barbara.beckert@drwi.org or 414-292-2724. Thank you for your partnership.
