

Looking for stronger communication, coordination, and provider collaboration in Substance use treatment services?

Partner with a Health Home

The Hub and Spoke Health Home partners with individuals to meet their needs and support recovery.

Creative Solutions

Our team can meet Individuals where they are in their recovery journey...and walk with them.

Vision

- Improved access to needed care and services.
- Increased and sustained engagement with individuals seeking to develop their own recovery.
- Improved health and quality of life for the individuals served.
- Long term recovery for individuals served.

Mission

The Hub and Spoke Health Home partners with individuals to meet their needs and support recovery. Health Home providers deliver timely and person-centered engagement, assessment, planning, care coordination, education, navigation, referral, follow-up, and long-term recovery supports.

Services

- Medicaid Health Home benefit carves out six core services as listed below:
- Peer Support Services
 - Care Coordination
 - Health Education provided by team RN
 - Public Benefits Assistance
 - Individual and Family support
 - Referral to Community and Social Supports.
